

2019 FOOTBALL PRIORITY SEATING INFORMATION

All 2019 MAC members will have the first opportunity to purchase football season tickets in priority seating sections throughout Milan Puskar Stadium. Priority season tickets require a minimum per-seat contribution to the MAC annual fund. See right.

The majority of sections at Milan Puskar Stadium have a per-seat gift requirement, which at a minimum, a new season ticket holder would be required to make in order to purchase season tickets in that section. **However, making this per-seat gift does not guarantee that you will receive season tickets in designated sections. All season tickets are subject to availability. For example, the average gift, specifically in the Blue Zone, often times well exceeds the minimum per-seat gift requirement.** The football season ticket renewal deadline is **Friday, April 26, 2019**

Optional Seat Selection Process

All 2019 MAC annual fund members will receive an optional selection time to self-select new and/or upgrade your season ticket location(s). Current season ticket holders will be able to log-in to an interactive website to potentially upgrade/relocate seat locations and/or purchase additional season tickets. **Seats not renewed by the Priority Renewal Deadline may be subject to availability for other members to select during the Optional Seat Selection Process.**

★ Eligibility based on priority limits (below)

Please contact the Mountaineer Athletic Club to learn more about premium seating opportunities available during the 2019 season (at right):

* A portion of the field box season ticket cost contains a gift component. For individual field box season ticket purchases, this gift component does **not** count towards MAC annual giving levels. If necessary, field box season ticket purchases will still need to meet per-seat minimum donation requirements for other priority season tickets in Milan Puskar Stadium, football season parking pass(es) and/or annual giving level requirements for men's basketball season tickets.

Field box seats are sold individually as well as on a full (36-49 tickets) and half box (18-28 tickets) basis, depending upon the location and availability. Full box holders are classified at the Mountaineer Scholar annual giving level whereas half-box holders are classified at the Gold Scholar annual giving level. Both full and half box holders are required to sign a 5-year seating agreement whereas individual field box seats are sold on a year-to-year basis with renewing season ticket holders having the first right of renewal.

Given demand for premium seating locations relative to midfield, the Mountaineer Athletic Club has established the following priority ticket limits for those members and prospective season ticket holders wishing to add, upgrade, and/or re-locate their allotment of season tickets. In 2018, only 6.7% of Blue Zone inventory - less than 350 seats - were available for purchase during the Optional Seat Selection Process.

PRIORITY TICKET LIMITS	BLUE ZONE	RED ZONE	GOLD ZONE	ORANGE ZONE
Mountaineer Scholar \$25,000+	12	20-32	*	*
Gold Scholar \$15,000 - \$24,999	10	12-22	*	*
